+1 (306) 244-1588

## Services

Experienced with a wide variety of commercial electrical services. We are able to provide competitive pricing and advice to increase potential efficiencies and cost savings.

### Commercial Electrical

Commercial electrical work servicing client projects including office buildings, shopping centres, restaurants.

### Industrial Electrical

We offer industrial strength electrical service. Our industrial work covers a wide range of projects including hospitals, schools and airport hangars.

### Data & Fibre Optics

Certified in data cabling and fibre optics. Also, Amp Certified for the installation, design and maintenance of data cabling.

## About BCE

Founded in 1964 when Dennis Morgan and Jim Campbell joined forces.

From modest beginnings — to now being recognized as one of Saskatchewan's leading commercial electrical contractors.

BCE employs up to 80 people with a fleet of 25 trucks to serve the province of Saskatchewan.
